Buy on Cape Cod for Cape Cod and for Victory

Gardening in 1943

In buying vegetable seeds, give careful consideration to the size garden you can adequately care for. Plan and plant carefully. Do not waste seed, fertilizer, time. Preserve and can any surplus you produce.

Order your seeds and fertilizers and gardening equipment early. Buy only the best and most reliable materials.

We will gladly advise you on varieties and quantities of seeds and fertilizers required.

See page 8 for our Home Garden Vegetable Chart, giving suggested planting directions, quantities, etc.

More important than ever before, in this war year, is the need for growing food crops. "Vegetables for Vitamins for Victory" is the phrase.

We must all grow what we can, but there must be a minimum of waste, of seeds, fertilizers, insecticides, money and labor.

This means careful planning, buying the best and most reliable materials and, of equal importance, being willing to work to take care of what we grow.

It is part of our job to help you with your gardening in every way we can. Our 57 years of experience are at your disposal.

We shall have ample quantities of

Hardy Perennial Flower Seeds

Seeds of most hardy perennials and biennials should be sown in well prepared ground or frames in May, June, or July, and the seedlings transplanted to permanent locations when large enough to handle properly. These seedlings do not flower until the succeeding year after sowing.

Among many other reliable kinds of perennial flower seeds we offer the following, all easily grown.

Anchusa	Shasta Daisy	Delphinium in variety
Yellow Alyssum	Violas	Clove Pinks (Dianthus)
Columbine	Foxglove	Sweet William
Canterbury Bells	Hollyhock	Lun'ine
		Painted Daisy

Hardy Perennial Plants

Strong two-year-old field grown **plants** of the above and hundreds of other varieties of perennials are offered in our **CAPE COD NURSERIES**.

Also, of course, a complete assortment of **TREES, SHRUBS, VINES, ROSES, FRUITS, and EVERGREENS**, all Quality products.
